The system expects you to go from zero to sixty instantly and when it gets overwhelming you just burn out and drop out.

I had a total deficit of trust in the system... it just felt transactional.

I'm here to help.
You're not alone on
this journey.

Created by Youth Futures Foundation's Future Voices Group, this artwork is inspired by *The Missing Link* report and reflects the vital role of trusted adults in positive youth employment outcomes. Drawing on insights from a growing evidence base and the lived experience of group members, it illustrates the power of relational support.
